1.0 Introduction:

- 1.1 B.V.Raju College and CSIR-IICT agree to enter into an MOU Under "Skill Initiative Program" of CSIR-IICT.
- 1.2 This Memorandum of Understanding ("MOU") sets out below the principles by which the BVRC and CSIR-IICT can establish a formal agreement regarding such activity.

2.0 Principles:

2.1 The activities covered by this MOU will centre on the following:

- i. CSIR-IICT will impart Basic Cheminformatics Certificate Course training to BVRC students.
- ii. The intake of students is 25-30 per batch size.
- iii. The program is designed for 10 working days. The training will include Basic undergraduate level Cheminformatics theory & practicals monitored by CSIR-IICT Scientists & staff.
- iv. CSIR-IICT will provide facilities to students for class room teaching and computer systems for practical sessions.
- v. BVRC will share the employment details of the students after their course completion to CSIR-IICT.

3.0 Financial Resources and Personnel:

- 3.1 BVRC Would pay Rs.10000/- (Rupees Ten Thousand only) per each student including GST to CSIR-IICT towards Basic Cheminformatics Certificate Course as a part of Skill Enhancement Course (SEC).
- 3.2 Any activity carried out within the broad framework of this MOU shall be the subject to the mutual consent of parties, taking into account any constraints of time, funding and other relevant resources.

4.0 Separate Agreements:

In addition, it is envisaged that each activity, that the parties wish to pursue in accordance with the purpose of this MOU will be governed by terms and conditions to be separately negotiated and mutually agreed upon by the parties through the signing of one more subsidiary agreements.

REPORT

Guest lecture was conducted by the Department of Mathematics & Humanities on 28/06/2023 from 10 AM to 1 PM. This is organized under MOU-faculty exchange program between the institutional departments. Today's guest speaker Dr. B. Jyothi, Professor , Mathematics, DNR(A) College has taken a lecture on topic "**SHORTEST DISTANCE**" for first year students which is from the existing curriculum.

The guest speaker explained about the skew lines and the three methods in it and practicing the problems with students. The lecture also continued about the positivity's and reach ability's and opportunities in core technical areas with authenticated explanation.

After her lecture the students were given time to interact with her. Students felt that the session was more informative and interactive. At the end of the session (GUEST LECTURE), few students give their feedback and explained how they were benefited.
