

## RESEARCH POLICY

### INTRODUCTION

B V Raju College progress in all aspects in the past two decades like student strength, infrastructure, and placements is excellent. It is high time that we need to concentrate on Research and innovative activities in both staff and students. This is a crucial time in the college history to inculcate research culture among B V Raju community to go to next level. It is also need of the hour as per new NEP 2020, which will be operational in a short time.

### ACTION PLAN

All the staff members should write at least one exam every year NET/SET/APRCET.

The staff members with 10 or more years of teaching experience should get research admissions so that juniors will get motivation and ultimately research culture will develop.

All the staff should register in VIDWAAN/Google scholar and also register for NPTEL courses.

Staff should know and try to participate in all the research activities conducted by sister institutes of SVES. Also motivate students to participate in Idea lab/ATL lab/English lab activities.

Each department HOD should motivate their staff to complete PhDs. By the end of Next cycle 40 to 50 percent staff should hold PhDs.

Research center activities should be initiated from next academic year itself.

It is decided to give incentives to staff who wrote good Scopus indexed papers/papers in reputed journals.

Two Weeks special leaves will be introduced for PhD works.

A handwritten signature in black ink, consisting of a stylized name followed by a horizontal line.
