

ABOUT VISHNU LMS

Constituent Colleges of SRI VISHNU EDUCATIONAL SOCIETY (SVES) had an agreement with eAbyas Info Solutions Private limited ("Service Provider"), Hyderabad to provide Vishnu Learning Management System. B.V. Raju College(BVRC) is also a constituent college of SVES. It is a standard Moodle environment customized by eAbyas has following features:

1. Online Learning Management System intended for faculty and students of BVRC.
2. Every College has one Coordinator to provide logins for the college. Initially and as trial run it is implemented for Department of MCA in covid-19 pandemic time to provide effective online teaching learning
3. It has good number of plugins so that faculty can effectively use in their teaching process
4. Students monitoring is also very easy
5. In the academic year 2020-21 it is used effectively for MCA students for course subjects and also for placement training.
6. Students also can easily access this LMS in their Mobiles.

Service Agreement

This Agreement (the "Agreement") is made and entered into as of 29th October 2020 (the "Effective Date") by and between'

1.SHRI VISHNU ENGINEERING COLLEGE FOR WOMEN,W,G Dist (SVECW); 2.VISHNU DENTAL COLLEGE,Bhimavaram,W.G Dist(VDC); 03. SEETHA POLYTECNIC ,Bhimavaram (SBSP) ; 9.B V RAJU COLLEGE, Bhimavarm(BVRC), (Constituent Colleges of SRI VISHNU EDUCATIONAL SOCIETY), having its Registered Office at Plot No.7 & 8, 'ANJANI VISHNU CENTRE" Nagarjuna Hills, Hyderabad – 500 082, hereinafter referred as the as Service Receivers, represented by its Vice Chairman – Ravichandran Rajagopal

and

eAbyas Info Solutions Private Limited ("Service Provider"), having its principal office at 1-3-183/40/90, Ranga Residency, SBI Colony, Gandhi Nagar, Hyderabad, India– 500080. "eAbyas Info Solutions Pvt. Ltd. referred as "EABYAS", and EABYAS and Client are referred to collectively as "the Parties" and severally a "Party").

A. Background

Client is currently looking at Theme Development Services as mentioned in Scope of Work under Schedule A of this agreement from eAbyas.

B. Term

This agreement shall be in force from the date of signing the agreement unless terminated earlier by operation of any other clause.

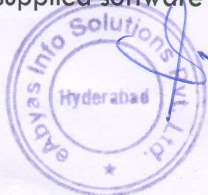

C. EABYAS Services / Scope:

The Theme Development Services and Deployment on Client's 3.9 Moodle Default Instance and Project Management Services (collectively "the Services") to be provided by eAbyas to the Client under this Agreement are as set out in the following schedules, which form an integral part of the Agreement:

- Schedule A – Scope of work
- Schedule B – Fee Schedule and Payment Structure

D. EABYAS Responsibilities and Warranties

1. eAbyas represents and warrants that it will render the Services in a professional and workmanlike manner and will use commercially reasonable efforts to develop, deploy, and maintain the Systems.
2. eAbyas is responsible for the faithful performance by it of its obligations contained in this Agreement. eAbyas warrants that it has the resources and the expertise to do so.
3. eAbyas shall not be liable to Client or its agents, licensees or assigns, including without limitation Client's customers or tenants, for any damages resulting from its implementation or support of any third party supplied software under this Agreement.

E. Fees & Payment Terms

In return for the Services, Client will pay to eAbyas the fees as outlined in Schedule B: Fee Schedule (the "Fees").

F. Termination

1. Either party may terminate this agreement in whole or in part, without cause and for its own convenience by giving a maximum of thirty (30) days' notice. Client shall be entitled to the normal performance of the services for the notice period with no variation to the charges payable under this agreement.
2. Upon termination and processing all the due payments, eAbyas acknowledges that Client retains all ownership of Content and User Data (user account information) and configuration data **developed and/or** entered into the systems.
3. eAbyas will upon termination transport the Virtual Machine hosting all the content and purchased Application to a SVES owned server.

G. Cooperation by the parties

The parties agree to promptly provide the other party with all such information, documentation and cooperation which the other party reasonably requests, if such information, documentation, and cooperation is required by the party to comply with its obligations under this agreement, provided that it:

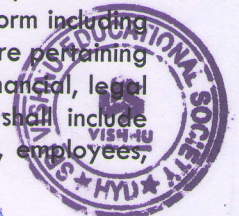

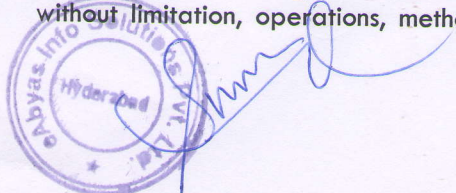

- (i) Is not confidential information and
- (ii) Is capable of being provided by the party from whom it is sought

H. Representation and Warranties

1. The service provider shall perform the services in a timely, diligent, competent and professional manner. Further, the service provider hereby warrants and represents that all the services provided hereunder shall be performed substantially in accordance with the descriptions of such services in this agreement and applicable laws. The service provider shall observe and conform to all applicable laws and standards of business ethics and honest business practices and shall not act, and shall refrain, from acting, in any manner that could materially harm or tarnish the reputation of the client of the goodwill of the client.
2. The Service provider is at all times solely responsible for complying and shall ensure compliance with all applicable laws, rules and regulations in connection with the services, including but not limited to those relating to the safety of persons and property. The Service provider shall also adopt, maintain, and abide by its own safety rules and standards, provided, however, that such rules and standards shall be reasonably compatible with the objectives of Client safety rules. The service provider shall comply and shall ensure compliance with all guidelines set forth by state, provincial or local laws, rules and regulations in India for the time being in force.

I. Confidential Information

1. For the purpose of this agreement, "confidential information" shall be deemed to be all information howsoever furnished or supplied or cause to be furnished or supplied to the service provider or obtained or received by the service provider in oral, written, electronic or any other form including but not limited to information which is of a technical, commercial, legal or financial nature pertaining to the business or the operations of Client and other persons with whom Client has financial, legal or commercial dealings. For the avoidance of doubt, such confidential information shall include without limitation, operations, methods, plans, strategies, products, pricing, customers, employees,

assets, other confidential and proprietary information, obtained through access to any of Client's Information Systems (defined hereinafter), which if not otherwise described above, is of such a nature that a reasonable person would believe it to be confidential or proprietary. For the purposes of this agreement, Client Information Systems shall include, but are not limited to computers, voice and data networks, databases, records systems, voicemail, security systems, tokens, logon scripts, passwords and such other hardware, software, firmware or other device as may be used to access such systems / assets.

2. The service provider hereby undertakes and covenants that at all times during the Term and thereafter, to hold in strictest confidence and not to use, disclose, remove or transfer, whether directly or indirectly, to any person, firm or corporation, any confidential information, save, where the use, disclosure, removal or transfer is lawfully required under any provisions of written law or is authorized by Client.
3. In the event that the service provider is requested pursuant to, or required by law to disclose any confidential information or any other information concerning Client, the service provider hereby undertakes and covenants that the service provider
 - a. Will provide Client with prompt notice of such request or requirement in order to enable Client to seek an appropriate protective order or other remedy; and
 - b. Will consult with Client with respect to taking steps to resist or narrow the scope of such request or legal process, or to waive compliance, in whole or in part with the terms of this agreement.
4. In such event the service provider hereby undertakes and covenants that it will use its best efforts to ensure that all confidential information and other information that is so disclosed will be accorded confidential treatment.
5. The service provider hereby undertakes and covenants that it will not retain in their possession any proprietary or confidential information whatsoever save in the course of its / their duty to retain it and in compliance with all directions issued or approved by Client with regard to the storage of such information, the return and the disposal thereof.
6. The service provider shall not reverse engineer, decompile or disassemble any Confidential Information declared in computer or electronic format.
7. In the event that Client, at its sole discretion so requests, the service provider will and hereby agree to, upon such request, promptly deliver to Client or destroy all Confidential Information, including all copies, reproductions, summaries, analyses, memoranda, notes or extracts thereto or based thereon in its possession or control. Upon the expiration or early termination of this agreement, the service provider shall promptly return to Client all confidential information furnished to the service provider by Client.
8. Confidential information does not include information that (i) is in or enters the public domain other than by reason of a breach by the service provider or (ii) was in the possession of the service provider prior to the disclosure to the service provider or (iii) at the date of disclosure, has been developed as a result of the efforts of the service provider and not as a direct or indirect result of the disclosure of the same information by Client or (iv) is lawfully obtained by the service provider from a third party who is not known to have obtained such information directly or indirectly from Client.

J. Force Majeure

Neither party will incur any liability to the other party on account of any loss or damage resulting from any delay or failure to perform all or any part of this agreement, if such delay or failure is caused, in whole or in part, by events, occurrences or forces beyond the reasonable control and without negligence of the party (hereinafter referred to as the Force Majeure event). If a party is affected by the Force Majeure Event, the party so affected will notify the other party in writing of the occurrence of the Force Majeure Event (and the likely duration of the impact or delay caused by the Force Majeure Event) and the performance of its obligations will be suspended during the period the Force Majeure Event persists and the affected party will be granted an extension of time for performance equal to the period of delay attributable to the Force Majeure event.

If a party performance of the obligations is suspended due to an occurrence of a Force Majeure event for a period beyond ninety (90) days, the other party may terminate this agreement without incurring charges.

K. Notices

Any notice required or permitted to be given hereunder shall be in writing and shall be sent by registered mail service or a courier service. All notices shall be deemed to have been validly given on the business date of the receipt of the courier or registered mail.

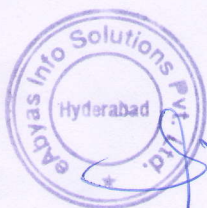

Either party may from time to time, change its address or representative for receipt of the notices provided for in this agreement, by giving the other party not less than thirty (30) days prior written notice in accordance with this clause.

L. Assignment

The service provider may not assign this agreement or the rights or obligations hereunder without the express prior written consent of Client. This agreement shall inure to bind the successors and assigns of the respective parties.

M. Severability

The provisions of this agreement are severable. If any part, term or provision of this agreement shall be held illegal, unenforceable or in conflict with any law of central or state government having jurisdiction over this agreement, the validity of the remaining portions shall not be affected thereby. Any invalid or unenforceable provision of this agreement shall be replaced with a provision, which is valid and enforceable and most nearly reflecting the original intent of the unenforceable provision.

N. Authorizations

The parties have obtained all applicable approvals and permissions to execute this agreement.

Mind Map Diagrams in DS

 [Mind Map Diagrtems](#)

 [DS online class on clock synchronization](#)

class time:11.30. Date: 7/5/21

Topic : clock synchronization

<https://meet.google.com/oog-soxz-jps>

 [Concepts in Distributed Systems](#)

This Quizlet Activity helps the student to get knowledge on key terms

 [edpuzzle link](#)

This vedio procees only after you answer the questions correctly

 [Online class DS](#)

Date:17/05/2021

time: 9.30 am

topic: Review of first two units

<http://meet.google.com/iaf-znux-xve>

 [Online class on DS](#)

Processors and processes

24/05/21

9.30 am

<http://meet.google.com/brt-czeb-xrf>

 [DS online class](#)

28/05/2021

11.15am

Fault tolerance

<http://meet.google.com/nyb-mtxf-jmk>

 [Devops demo](#)

A demo class on devops

<http://meet.google.com/jhh-rkst-tbr>

 [DS online class](#)

3/6/21

[Distributed File systems](#)

10.15am

<http://meet.google.com/fhg-huhm-zfq>

 [DS ONLINE CLASS](#)

DS CLASS ON [DISTRIBUTED SYSTEMS-DISTRIBUTED FILE SYSTEMS](#)

FILE CACHING AND REPLICATION

DATE 7/6/2021

TIME : 11.15 AM

<http://meet.google.com/dyz-avav-vdz>

 [DS online class on Distributed Shared Memory](#)

<http://meet.google.com/spc-vbfh-kwf>

[DS online class on Distributed Shared Memory](#)

8/6/2021

time: 11.15

 [DS revision Online class](#)

DS revision class

21/06/2021

Time 11.15am

<http://To join the video https://meet.google.com/tin-nodo-qxk>

 [DS REVISION ONLINE CLASS](#)

Ds REvision class

date 24/06/2021

Time : 10.15 am

<https://meet.google.com/ath-qykt-myy>

[Introduction to Distributed Systems](#)

 [Handout-1](#)

This handout-1 covers unit-1 study material

[Unit_2_1Communication in Distributed systems](#)

 [Asynchronous Transfer Mode, ATM Netowrks](#)

This gives about ATM Networks, Working, Layers of ATM

[Unit_2_2Synchronization](#)

 [Synchromization](#)

Logical Clocks, Physical Clocks, Algorithms, Mutual Exclusion, Election Algorithms

 [Transactions](#)

RPC semantics in the presence of Failures, Implementation issues.

The Transaction Model, Implementation, concurrency Control, Dead locks.

[UNIT_3_1 PROCESSES AND PROCESSORS](#)

 [Material on processes and processors](#)

Threads - design implementation

threads and RPC

Fault tolerance

Realtime [Distributed Systems](#)

UNIT_3_2_DISTRIBUTED_FILE_SYSTEMES

[Distributed File Systems](#)

File Service and File Server

Directory Interface

System Structure

File Caching and File Replication

UNIT_4_DISTRIBUTED_SHARED_MEMORY

[Distributed Shared Memory](#)

consistency Memory models

Page based distributed hared memory, Replication

[Multiprocessors](#)

Introduction

[About types of Multiprocessors](#)

Bus based multi processors, Ring based

[multiprocessors](#).Switched [multiprocessors](#).

[Comparison of Shared Memory Systems](#)

Comparision of six Shared Memory Systems

Enrolled Users

MCA 2 years Course from 2021 academic year

Year 1

Year 2

Cost: Rs. 0.00/-

Add Semester

▼ semester I

Create classroom

Discrete Mathematical Structures

Switch To : MAN

Management Accountancy

Switch To : MAN

C programming and Data Structures

Switch To : MAN

Computer Organization

Switch To : MAN

Operating Systems

Switch To : MAN

Design and Analysis of Algorithms

Switch To : MAN

C Programming and Data Structures Lab

Switch To : MAN

Operating Systems and Computer Organization Lab

Switch To : MAN

Add Courses

▶ Semester II

Create classroom

No description provided

year2

year3

Cost: Rs. 0.00/-

Add Semester

SEMESTER-4

Create classroom

Information Security and Cryptography

Switch To : MAN

Cloud Computing

Switch To : MAN

Data Mining Concepts and Techniques

Switch To : MAN

Object Oriented Software Engineering

Switch To : MAN

Distributed Systems

Switch To : MAN

Data Mining Concepts and Techniques Lab

Switch To : MAN

Object Oriented Software Engineering Lab

Switch To : MAN

Add Courses

No description provided

year2

year3

Cost: Rs. 0.00/-

Add Semester

SEMESTER-5

Create classroom

Big Data Analytics

Switch To : MAN

Information Security

Switch To : MAN

Embedded Systems

Switch To : MAN

Human Computer Interaction

Switch To : MAN

PHP Programming

Switch To : MAN

Big Data Analytics Lab

Switch To : MAN

Mini Project

Switch To : MAN
