WELCOME TO VISHNU SCHOOL OF MUSIC BHIMAVARAM

Let the Music Speak!

Music can easily help you focus better and allow you to use additional concentration capabilities. Being creative is more than just possible and simple, but it can be improved. For example, listening to the music can help you see new things and get new ideas.

How? Each word in the song is paired with a specific tone. When paired, they activate specific centers in the brain. The bottom line is that listening to the music will make your brain develop fresh ideas. If you have a job that demands creativity now you know what to do.

Music School in Shri Vishnu Educational Society is a platform for the students to make their life happier by learning Playback Singing, Acoustic Guitar, Keyboard and Percussion. Also able to communicate better than many peer people in group activities with the help of these additional skills.

COURSES / ACTIVITIES

Sri Vishnu Educational Society has Memorandum of Understanding(MOU) with SIFM (School of Indian Film Music), Chennai, to train the students in Playback Singing, Acoustic Guitar, Keyboard and Percussion under the esteemed guidance of Dr. Divakar Subramaniam, Founder and Director of SIFM.

PLAYBACK SINGING

Playback Singing is pre-recorded singing for use in movies. Playback Singers record songs for soundtracks, and actors or actresses lip-sync the songs for cameras; the actual singer does not appear on the screen.

ACOUSTIC GUITAR

An acoustic guitar is a guitar that produces sound acoustically by transmitting the vibration of the strings to the air. The sound waves from the strings of an acoustic guitar resonate through the guitar's body, creating sound.

KEYBOARD

A musical keyboard is the set of adjacent depressible levers or keys on a musical instrument. Keyboards typically contain keys for playing the twelve notes of the Western musical scale, with a combination of larger, longer keys and smaller, shorter keys that repeats at the interval of an octave.

PERCUSSION

A percussion instrument is a musical instrument that is sounded by being struck or scraped by a beater (including attached or enclosed beaters or rattles) struck, scraped or rubbed by hand or struck against another similar instrument.

DESKTOP MUSIC

Desktop Music is the electro sounds which sounds high energetic, which creates good sound and get us josh.

ELECTRONIC DANCE MUSIC

Electronic dance music (EDM), also known as dance music, club music, or simply dance, is a broad range of percussive electronic music genres made largely for nightclubs, raves and festivals.

ABOUT

SRI VISHNU EDUCATIONAL SOCIETY

The Society aims and strives for continuous improvement in the field of education and is committed to deliver world class education in various fields to students from different strata. Our founder chairman Late Padma Bhushan Dr. B.V. Raju, through his excellent vision and foresight established many educational institutions. These institutions are playing a vital role in moulding and shaping the future of thousands of students year after year.

TESTIMONIALS

“ Music is the movement of sound to reach the soul. Learning music is nothing less than learning the life. Vishnu music club teachers are being taught the same. Class is most interactive and knowledge sharing. Mostly it's helping to increase concentration. Every session is very good in topic and high on practice. Our trainer is helping us to get in tough things smoothly. I heartily thank our management for giving such a great support.

D.DHARMA TEJA
VIT

“ Initially, I was stuck in a world with very sophisticated thoughts. At the same time, our management came out with a different initiation by conducting music classes so I just choose music to kill negative thoughts, these music classes helped me not only by making me positive but also made to find best of me. Coming to the music tutor, he is not only the best music teacher, but also he is such a rock star, who always tries to make the students also as rock stars. I'm really blessed to grab this opportunity.

D.SRILAKSHMI DURGA
SVECW

“Guitar is not just an instrument, in these two month’s training we came to know certain different things, not only related to guitar. We came to know about some experiences that give some identity to be a guitarist, we came to know many topics related to music and guitar. Helping hands of faculty are always fetching. Thanks to SVES for giving these things for us.
