GUEST LECTURE ON “Introduction to Python and Networks”

Mr. G Chakradhara Rao, Dept., of Computer science B V Raju College, delivered the guest lecture on Python and networks to the students of II BSc and BCom students of RRDS GOVT.DEGREE COLLEGE, BHIMAVARAM on 02/12/23.

This session went on by addressing the various topics like, History of Python, Installation of Python, Data Types, Types of Networks, and topology. The session was made interactive and it is also very informative for the students.

It was intended to educate the students about the importance of Python and Networks. I concluded the session by presenting how Python works and varies networks types.
