**ENGLISH ECLAT**

**Name of the activity:** Elocution

Elocution that is a skill of expressive speech with distinct pronunciation and articulation. Some people have a natural tendency to pronounce and clearly distinguish their words, but others need to practice it over and over again, in different simulations, in order to master it.

It plays a vital role in

1. To form a good personality.
2. To develop effective communication skills.
3. To enable them to clear their voice themselves with good sentence structure.

**Procedure:**

Each participant will be allowed to speak only FIVE minutes and will have to state his / her subject before starting to speak. A warning bell will be sounded at the end of fourth minute. Participants are free to express any views they desire. A panel of judges appointed by the college will select the three best speakers on the basis of content (10 marks), presentation (10 marks) and body language (10 marks). Participant certificates and merit certificates will be awarded.
